Yeryüzünün kalbinde saklı bulunan mermer, doğal renk cümbüsü, deseni, estetiği ve sağlam yapısıyla yüzyıllardır insanoğlunun yaşamına sanatsal bir yön vermiştir. Taşın ince işçiliğiyle meydana getirilen eserler asırlarca süregelen macerasını dünyanın en muhteşem yapılarında kendisini gösteriyor. İnsanlık tarihindeki her kültürün iftiharla ortaya koyduğu tüm eserlerde mermerin göz alıcı ihtişamı görülüyor. Medeniyet sembollerini, mermere nakşedilirken asırlarca ayakta kalabilmeyi başarmıştır. Yüzyıllar boyunca insanın sanatkârlığıyla en estetik eserlerde kullanılan mermer günümüzde de dünyamızı güzelleştirmeye, evimizi, iş yerimizi süslemeye ve insanı mutlu etmeye devam ediyor.

KİFFA STONE ekibi granit ve mermer olarak medeniyetlerin bıraktığı bu mirası sizlere ulaştırmayı bir görev bilerek yola çıkmıştır. Anadolu'nun ve dünyanın dört bir tarafından çıkarılan en renkli blok ve plakaları sektörün bütün zinciriyle buluşturacak bir ağ yapısı kurduk. Mermerin sanatkâr ve uzman ellerde işlenmesi gerekişi prensibiyle modern tesislerde ve profesyonel işletmecilikle hizmet etmeyi kendimize ilke edindik. Taşın ancak ince bir ruhla kalıcı eser hâline geleceği düşüncesiyle mimarlara ışık tutan ürün çeşitlerini ön plana çıkardık.

KİFFA STONE, Ankara Yuvaköy Mermacılar sitesinde 4.000 m²lik modern tesisiyle Ankara Altındağ Mobilyacılar Sitesindeki showroom ve mağazasıyla sektörde önemli bir hamle yapmış ve mermeri ticari değil, estetik bir anlayışla hizmetinize sunmaya başlamıştır.

Personeli, tedarikçi ve üçüncü şahısları ile sürekli işbirliğini ön planda tutan, sağlam ve deneyimli bir kurumsal yapısıyla KİFFA STONE, değerli ortaklarımıza seckin ve zengin bir mermer dünyasını sunuyor. Biz, sizleri "müşterimiz" olarak değil, yaşanılabilir bir dünya için çözüm ortaklarımız olarak görüyoruz. Dolayısıyla Türkiye'de üretilen yerli mermerlerimizin yanında ve dünyanın çeşitli ülkelerinden gelen mermer-granit ocaklarının en kaliteli ürünlerini nadide taşları modern tesislerimizde sanatkâr titizliği ve inceliğiyle işleyerek size sunmaya hazırız. Ekibimiz, taşı sanata çevirerek özenli ve dikkatli bir şekilde size hizmet etmeye hazır, profesyonel bir kadrodan oluşmaktadır.

Water jet, köprü kesme ve pah makine ekipmanlarına sahip fabrikamızda mermer ve granite en ince ayrıntılarına kadar şekil verilmekte ve desen işlenmektedir. Özel tasarım ekibi tarafından çizilerek üretilen ürünler Ankara mobilyacılar sitesindeki KİFFA STONE Showroom'da sergilenmektedir. Masa, dresuar, zigon ve orta sehpa, bookmatch uygulamaları; çesme, fiskiye, saksı ve oturma gruplarından oluşan dış mekân ürünler, şömine uygulamaları, mutfak tezgâhlari ve el işçiliğiyle yapılan hediyelik aksesuarlar da büyük bir özenle sunulmaktadır.

İç ve dış mekân dekorasyonu, lobi, mutfak, basamak, denizlik, süpürgelik, dış cephe kaplama, bahçe düzenlemesi ve diğer doğal taş uygulamalarında, mermer, granit, traverten ve kuvars çeşitlerimizle sizlere hizmet vermekten gurur duyuyoruz.

Found hidden in the heart of the earth, marble has given humankind's life an artistic direction with its natural selection of colours, patterns, aesthetics and durability. Works created through the fine working of stone have manifested in the world's most magnificent buildings for centuries. Throughout history, each work proudly created by each culture also displays the dazzling magnificence of marble. Being embroidered on marble, symbols of civilisations have managed to remain standing for centuries. Marble, which has been used in the most aesthetically pleasing works through human craftsmanship for centuries, continues to beautify our world, decorate our homes and workplaces, and lend happiness to humans.

KIFFA STONE has set on its journey aware of its duty to convey this legacy (granite and marble) handed down by civilisations. So much so that we established a network that would bring the most colourful blocks and plates extracted from all around Anatolia and the world together with the entire chain of the sector. Based on the understanding that marble should be worked by artistic and expert hands, we made it our principle to serve at modern facilities by employing professional operations. We considered that stone could become a permanent artefact only by the agency of a delicate soul, and therefore foregrounded the variety of products that lights the path of architects.

With its 4.000 m² modern facilities in the Ankara Yuvaköy Marble Workers' Industrial Estate, and its showroom in the Ankara Altındağ Furniture Dealers' Estate, KIFFA STONE made an important move in the sector. KIFFA STONE started to serve marble not under a commercial understanding, but an aesthetic one.

With a strong and experienced corporate structure that prioritises continuous cooperation with its personnel, suppliers and third persons, KIFFA STONE offers its valuable business partners a distinguished and rich world of marble. We see you not as our "customers", but our business partners for a habitable world, and our friends who will make our world more beautiful, and whom we can satisfy. Therefore, we offer you, our valuable friends, our domestic marble produced in Turkey, as well as the precious stones that are the best-quality products of marble-granite quarries of various countries in the world, which we work with the care and delicacy of an artist at our modern facilities.

Our team consists of a professional staff ready to transform stone into art, serving you attentively and carefully.

Marble and granite are shaped down to the minutest detail, and given patterns, at our factory that has water jet, bridge cutter, bevel- and straight-cut machinery and equipment. Products drawn by our special design team are exhibited at our KIFFA STONE Showroom located in the Ankara Furniture Dealers' Estate. Table, sideboard, smaller side- and coffee-table applications, outdoor products consisting of fountains, flower pots and lounge groups, fireplace applications, kitchen worktops, and hand-made gift accessories produced with great care are also offered.

We are proud to serve you with our marble granite, travertine and quartz varieties in our indoor and outdoor spaces decoration, lobby, kitchen, stair, windowsill, baseboard, exterior siding, landscape gardening and other natural stone applications.
